Access Panels
Locker Doors

Overview

30 years fabrication experience and the very latest technology give Starbank an enormous advantage in the supply of components to the Cubicle, Washroom & Locker industries.

We concentrate on component supply only to other leading Cubicle Manufacturers, Builders, Shopfitters and the like, leaving the design and installation to those other experts,

This means that we are able to meet your budget, however large or small, your quality and fabrication requirements and your lead times. Process and material options are:

- Compact or solid laminate
- Edgebanding - 1, 2, 3mm ABS (MFC or Laminated)
- MFC, MF MDF, Laminated or Solid Surfacing
- Cut, edged, drilled, shaped & CNC'd

Starbank – innovating not imitating
