Overview

Growing complexity, quality, service and flexibility are major factors that suppliers into the Office & Contract Furniture industries struggle to maintain. At Starbank we have met this challenge head on, and now stand in the UK as a premier component manufacturer to major manufacturers nationwide.

The company has invested very heavily in the very latest generation CNC machining centres for processing large shaped and edged components in medium to very large batch production runs.

Homag powered throughout our 70,000sqft factory we employ the latest BAZ700 and Weeke throughfeed CNC machining centres to name but a few, offering an unrivalled service for:-

- Large sizes accommodated
- MFC, Laminated or Compact Laminates
- Edgbanding - 1, 2, 3mm ABS (MFC or Laminated)
- MFC/MF MDF Components
- Cut, edged, drilled, shaped & CNC'd

Starbank – 21st Century Fabrication
